

U. S. STEAMER BESTS U-BOAT

UNITED STATES DESTROYER TORPEDOED BY A GERMAN U-BOAT

U.S. DESTROYER CASSIN.

The United States destroyer Cassin damaged by a submarine's torpedo, searched the sea for the U-boat for hours after being hit. The destroyer sighted the enemy once and sent four shells in rapid succession. They were so well aimed that the U-boat escaped only by a rapid dip.

With one engine out of commission the Cassin stuck to her post of duty until other destroyers arrived to relieve her. She then was towed to port.

In his report Admiral Sims praises Commander W. N. Vernon, his officers and the crew of the Cassin. Vice-Admiral Sims states that the behavior of the officers and the entire crew was admirable. There was no excitement on board, the men remaining quietly at their battle stations throughout the night, except when called to other duties.

After Bitter Fight Lasting Four Hours Steamer Makes French Port.

Intervention of U. S. Torpedo Boat Saves Ship.

Seven Members of Crew Are Wounded.

Attack Made Right After Vessel Entered Danger Zone.

Submarine Fired 234 Shots in Effort to Disable Guns of Vessel.

A French Seaport, October 24.

—Escaping from a German submarine after a bitter fight lasting four hours and with seven of her crew wounded, two seriously, an American steamer arrived here this morning from an American port.

The timely intervention of a United States torpedo boat saved the ship.

A few hours after the vessel entered the danger zone a lookout sighted a submarine on the port side, but before he had time to report the submarine fired a shot which missed the stern of the ship only a few yards.

The chief gunner of the steamer opened fire at a range of 9,000 yards, but all the shots fell short. The submarine kept manoeuvring to get out of range, of the steamer's guns, at the same time keeping up a running fire to disable them.

The stubbornness of the battle is indicated by the fact that the submarine fired 234 shots at the steamer, which responded with more than 260 shots.

A high sea was running at the time and there seemed little hope of saving the ship when a low streak of black smoke was sighted on the horizon. It later proved to be an American torpedo boat destroyer coming at full speed, running right into the sea and at times almost disappearing from view.

The destroyer had heard the calls for aid sent out by the steamer and traveled at a speed of 30 knots to come to her assistance. She immediately made for the submarine which dived and disappeared.

The American warship circled over the spot dropping a few depth bombs, but no more signs of the U-boat were seen.

HAIG'S ARMY PUSHES ON FOR TREMENDOUS GAINS

Germans Withdraw in Wide Sector of Riga Front

In Some Instances 15-Mile Retreat Has Been Executed by Teutons

By Associated Press Dispatch.

General Petain did not content himself with the wide stretch of ground gained southwest of Laon in Wednesday's great drive on the Aisne front when more than 8,000 prisoners and 70 guns were also taken.

His troops pushed out again from the central sector of the new line last night and pushed a total of approximately 2 3/4 miles from the line from which Wednesday's attack was launched.

Apparently the Germans have attempted no counter attacks in efforts to oust the French from any of the territory gained by them. A vigorous artillery battle is still under way.

On the northern Russian front north-east of Riga the Germans are continuing their voluntary withdrawal, no explanation of which has been given.

The backward movement has already carried them 15 miles in some sectors. Bridges, roads and buildings have been destroyed in the retreat.

SUFFRAGE IS URGED AS THE BIG ISSUE

President Speaking as a Party Leader Addresses Delegation.

By Associated Press Dispatch.

Washington, October 25.—Speaking as a party leader and as an individual, President Wilson today urged the women's suffrage issue upon the voters of all states.

He told a delegation of 100 members of the New York state woman's suffrage party he hoped their campaign would be successful and urged men of all parties to vote for suffrage.

The president praised the capacity, ability, resources and vision of New York women in conducting the suffrage campaign and asked the delegation to convey his message to the voters of New York state.

MRS. GUGGENHEIM SELLS LIBERTY BONDS

Mrs. Daniel Guggenheim New York society leader and wife of the president of the American Smelting & Refining Company, has broken the record for the sale of Liberty Bonds. Unassisted by any individual or organization, Mrs. Guggenheim personally sold \$2,210,220 worth of Uncle Sam's war bonds.

throughout the state and urged that this coal be ordered moved and distributed at once.

Some 13,000 of the cars are billed to Ohio consumers and contain approximately 600,000 tons of coal.

The distribution of the coal, he pointed out, would go a long way toward alleviating the suffering throughout the state.

EVACUATION OF KRONSTADT BY CIVILIANS

Probably Only a Military Measure. Exodus From Petrograd Is On.

(Associated Press Cable.)

Petrograd, October 25.—The evacuation by the civil population of the Russian naval base of Kronstadt, has begun.

The removal of civilians from Kronstadt, the most important naval base probably is a military measure. The civil population is moving from Petrograd from which place the government also will move to Moscow.

The evacuation of Revel, another important point on the Gulf of Finland, was reported last week.

ON THE WAY TO MAXIMUM FIVE BILLION

Treasury Officials More Optimistic as Wednesday Reports Roll In.

By Associated Press Dispatch.

Washington, October 25.—Treasury Department officials announced today their conviction that the Liberty Loan subscriptions were well on the way to the five billion dollar goal.

Indications at eleven o'clock were that Liberty Day had carried the total to approximately \$3,500,000,000 if not beyond that sum.

Subscriptions reported to the Federal Reserve Banks up to the close of business last night with reports from three banks missing, approximated \$2,200,000,000.

RESIGNATION CONFIRMATION IS NOT GIVEN

So Far as Official Information Is Concerned Michaelis Is Still on Job.

(By Associated Press Cable.)

London, October 25.—Nothing had come from any sources up to early today confirming the report of the resignation of Dr. Michaelis, the Imperial German Chancellor.

The London newspapers either ignore the reports or printed inconspicuously. A dispatch from Amsterdam says that everything published concerning the position of Chancellor Michaelis is based on supposition.

Powerful Attacks Also Made at Other Points.

Other Attacks Checked by Italians—Big Capture of Prisoners by Teutons.

(By Associated Press Cable)

Rome, October 25.—Taking advantage of their bridgehead position at Santa Maria and Santa Lucia the Austro-German forces which yesterday began an offensive on the Isonzo front brought the battle on to the slopes of the west bank of the Isonzo, says today's statement.

The enemy broke through the Italian lines on the east bank of the river. Powerful attacks were also made on the west slopes of Monte Gabriele, but these were checked by the Italians, who took a few hundred prisoners.

HEAVY CAPTURES

(Associated Press Cable)

Berlin, October 25.—Heavy captures in prisoners and booty have been made by the Austro-German forces on the Isonzo front, army headquarters announced today. The prisoners include divisional and brigade staffs.

The total in prisoners taken exceeds 10,000. The fighting is continuing.

HERSCHEL DEAD DEVELOPED FINGER PRINT METHODS

(By Associated Press Cable)

London, October 25.—Sir William James Herschel, discoverer and developer of the system of identification by finger prints, died yesterday.

Sir William James Herschel, who was born in 1833, served in the civil service in India from 1855 to 1878. He discovered the use of finger prints in 1859 and in 1878 initiated this means of identification for civil service purposes in Bengal.

He was the author of "The Origin of Fingerwriting."

BRYAN TALKS AT "CHILLI" TO SOLDIERS

Commoner Is Barred by Camp Rule from Discussing Politics.

By Associated Press Dispatch.

Chillicothe, O., October 25.—Military authorities today refused to allow Wm. J. Bryan to talk on prohibition and woman suffrage to the soldiers in the camp and the former Secretary of State was forced to make his appeal to the conscript soldiers from the steps of the court house in Chillicothe.

Officers informed the Bryan party that no political addresses are permitted within military posts and no exception to the rule could be made in his case, much as they would like to do so. However, Mr. Bryan delivered two stirring addresses on the Liberty Loan to the soldiers at Camp Sherman. He urged the conscript men to back their military ability with their money by purchasing bonds.

Although delivered to civilians in Chillicothe, Mr. Bryan's prohibition speech was addressed to the Camp Sherman soldiers. He urged them to "guard your baggage train by voting dry." He pointed out that the War Department has prohibited the sale of liquor to men in uniform as an efficiency measure in time of national stress, and that the soldiers should obtain greater efficiency among the men who furnished them with munitions and food stuffs.

LOCAL SOLDIERS COPPED BANNER IN GRAND REVIEW
Sergeant Albert Briggs' Platoon Leads All in Camp Sherman and Company F, 330th, Is Banner Company at Review.
Reports reaching this city tell of the big review of troops held at Camp Sherman in honor of the visit of Governor Cox, Tuesday of this week, and according to the announcement, the Fayette county boys were included in the banner company of the banner regiment—the 330th, while the honors for having the best drilled platoon went to Sergeant Albert Briggs, son of Mr. and Mrs. Os Briggs, of this city.
The 330th had no difficulty in winning the honors, and Company F, which includes the 60 Fayette county men in the big camp, as easily won the honors in the contest among the companies of the 330th.
Sergeant Briggs' men showed the splendid drilling they have received and had the necessary snap and go that is required in such drills.
As a result of the honors the crack platoon has been drilled before the other soldiers as an example of efficiency.

FAYETTE-CLINTON LABOR BUREAU LOCATION CHANGE
The Fayette-Clinton Employment Bureau will move to the courthouse, Monday of the coming week, and for the time being at least will be located in the prosecuting attorney's office at the courthouse, at the north entrance.
The Bureau was first established in the McClellan building on North Fayette street, and later changed to So. Main street.
By being in the court house it is expected that it will be much more easily located than heretofore, and that it will be more generally patronized, inasmuch as it is free to everyone, and those wanting employment or employees are invited to make use of the Bureau whenever necessary. Both phones will be in the office as at present.
The Prosecuting Attorney's offices have not been in use since Prosecutor H. M. Rankin took office, he remaining in his own offices on Court street. The County Commissioners recently granted the Bureau permission to use the offices, without charge, realizing the great advantage to be derived from the Bureau.
Manager Smith announces that the demand for corn huskers has been much lighter than expected, and urges farmers desiring help to place their orders at once, and they will be filled as quickly as men apply.
Reports from other points in Ohio indicate that the demand for workmen has fallen off heavily, and that the demand for work is increasing.

CROWDED HOUSES AT PALACE THEATER
Wm. S. Hart, in the role of Level Leigh, gambler, but nevertheless a gentleman, in the typical Bret Harte play, "The Cold Deck," showing at the Palace theater yesterday and today, is at his best and the play throughout justifies its right to be a "masterpiece" film attraction.
"The Cold Deck" is superbly staged in the Redlands of California, and the reproduction of "the world's crucible in the early fifties," a gambler den in the gold mining regions, with all its reckless picturesqueness, is one of the big features of the big play. The mountain scenes are magnificent and the hold-up of the stage coach and wild mountain ride in pursuit of the robber are marvelously reproduced.
Again, as in the showing of "The Conqueror," the play showed to crowded houses and the audiences sat enthralled under the spell of the dramatic scenes, the splendid acting and the stirring interest of the plot.
Manager Smith had made the unexpected find of a genuine old time stage coach over in the sales barn, a fac-simile of the one driven down the mountain trails in the play, and having a mail pouch and other typical paraphernalia, the old coach was driven over town advertising the show and interesting townspeople who had no idea that there was such a vehicle in this part of the country.
For the first time Wednesday the Palace introduced the special children's matinee at 4 o'clock, to which all children were admitted at ten cents. It was a big success with a hundred and fifty children showing enthusiastic appreciation.
This plan will be carried out when big features are shown, as the children have little chance at the crowded evening performances.

TRIPLE FUNERAL OF TRAIN VICTIMS AT NEW HOLLAND
Large Concourse of Relatives and Friends Attend Last Sad Rites—Three Caskets Require Three Funeral Cars—Mr. and Mrs. Stookey Buried in One Grave.
A pall of sorrow beyond the power of words to express hung over the Church of Christ in New Holland, Wednesday afternoon, when the last sad rites were held over all that was mortal of the three victims of the railroad crossing tragedy of Sunday night.
From the home so suddenly and unexpectedly darkened were carried in separate auto hearses the bodies of Mr. and Mrs. Alf Stookey and from the home of a brother, Mr. J. A. Lauderman the body of Mrs. Ella Cook, the three funeral cars meeting in the center square of New Holland and proceeding in solemn procession to the church. Not alone the triple burial accounted for the great outpouring of people, hundreds being unable to gain entrance to the church. The three persons so suddenly meeting their tragic fate had more than the usual share of friends and were held in high regard by all who knew them. The community of New Holland and of Washington were shocked and horrified and the overflowing sympathy felt for the bereaved families expressed itself in the immense gathering which honored the dead. And relatives and friends came from many sections—from Lancaster, Columbus, Circleville, Williamsport, Mt. Sterling, Ashville, Sabina, Frankfort, and throughout Fayette county.
Few indeed were the dry eyes as the three caskets covered with flowers, were borne down the aisles and placed together in front of the chancel.
The floral tributes were wonderful, filling the chancel and entire front of the church. They were carried down the aisle by twelve girls.
The New Holland pastor, Rev. A. C. Mattern, was assisted by Rev. C. L. Thomas of Kingston, Rev. G. E. Grove, of this city and Rev. P. W. Drumm. Rev. Mattern read brief memoirs giving the merest data—as the minister truly said each of the three lives spoke their worthiest obituary to all who knew them.
Brief talks offering all that was possible of solace were made by the three ministers.
The music was beautiful, a quartet Misses Grace Gooley, Pearl Drumm, Stella Grimes of New Holland and Mrs. Hiatt, of Plain City singing favorite hymns.
Then once again the sad procession formed and followed by a long line of autos, wended its way to the New Holland cemetery for the burial. As even in death they were not divided the bodies of Mr. and Mrs. Stookey were placed in one grave, while that of Mrs. Cook was interred in her family lot.
The twelve pall-bearers were: Messrs Harry Briggs, Clyde Cook, Harry Davis, Jess Lininger, Charles Lininger, D. A. Timmons, J. G. Dick, Coke Vincent, R. A. Morgan, Dr. O. J. Moon, Dr. A. T. Taylor, C. B. Sessler.
The members of Purity Chapter No. 65 Eastern Star attended the services in a body in tribute to their beloved members.
Among the wealth of flowers there were emblems from the Masonic Orders and the Eastern Star; a magnificent floral blanket from the Orman Motor Car Co. basket from the Ladies Aid Society of the Church of Christ, designs from the Priscilla Bible Class, Loyal Daughters, the New Holland K. of P. floral emblem.
All the business houses of New Holland were closed during the services.
Undertakers Klever and McCoy of this city furnished their funeral cars and assisted the New Holland under-

TRAFFIC OFFICER STAYS ON THE JOB
During periods when traffic congestion is threatened in this city, Chief Moore or one of his patrolmen, are stationed at points where the worst congestion usually occurs and by persistent work the traffic is kept moving without interruption and with little danger of accident.
On Saturday afternoons a traffic officer is usually stationed at the intersection of Fayette and Court streets, and at Court and Main streets, while each school day an officer is stationed at the intersection of Court and North street when school is dismissed in the evening, in order to protect the pupils from being run down by a careless driver who might pass at that time.
WORK STARTED ON CHILLICOTHE PIKE
Work on the Chillicothe pike, which will be temporarily improved throughout the width of the county this fall, is now under way, and gravel and crushed stone are being utilized in making the improvement.
One thousand dollars per mile is the amount of money available for the work, which is done under state aid plan and will be under the inspection of a state employee at all times.
Rapid progress is expected in the work, which has been started a few miles east of this city, where the road is in the worst condition. A mixture of gravel and crushed stone is being used, and will be rolled down and placed in something like condition before being left to the public.

A brilliant nuptial event in Jeffersonville society and of widely extended outside interest was the marriage of Miss Sara Mae Routson and Mr. Tom A. Janes, solemnized at the home of the bride on Wednesday evening at eight o'clock.

The bride is the daughter of Mr. and Mrs. W. W. Routson, her father a well known merchant and is an exceptionally young woman admired as much for her mental attainments as for her personal charm.

For several years she has filled the position of Assistant to the Postmaster with marked efficiency.

The bridegroom is the son of Mrs. Anna Janes. He comes from a family identified with multiple interests of Jeffersonville and to the prestige of his forebears adds his own success as an extensive farmer and stock raiser. He is in partnership with his brother, Mr. Fred C. Janes, in the Jefferson Stock farm, and as the home of fine Percherons and Morgans, and associated with another brother, Mr. Frank Janes, in handling the Moline Tractor.

Mr. H. K. Wishon, of Derby, immediately read the marriage service in the presence of seventy guests, representing a large family connection and intimate friends.

It was a beautiful wedding to which the handsome home and large grounds lent themselves perfectly. The arrangements in pink and white and greenery were chiefly used in decoration, although one room was tastefully suggestive of the autumn season in bitter sweet and asparagus blossoms.

An improvised altar of ferns and palms, starred with mammoth pink chrysanthemums made ideal setting for the bridal tableau.

For a quarter of an hour preceding the ceremony the guests were entertained by a musical program, suitably rendered by Mrs. Roy Creamer, pianist and Mr. Fred C. Janes.

MORE THAN 200 FAMILIES OBTAIN HALF TON OF COAL

At least some of the suffering in this city, due to lack of fuel, was temporarily relieved in between 200 and 250 families in this city Thursday, when one dealer obtained a couple of cars of coal, and another car or two were received by individuals, and apportioned among many families.

Dealers are expecting the arrival of other coal within the next 24 hours but nothing like a supply is anticipated for some little time, probably not until some time next week, and as the coal comes in it will be apportioned in half-ton lots to Washington citizens who are in genuine need of fuel for heat and for cooking.

It is expected that within a short time the embargo on the sale of coal to persons outside of the city will be lifted. However, this will not be done until the actual stress is relieved.

No person will be permitted to lay in a large supply until all are furnished a temporary supply, it is announced.

A number of farmers (interested in affording relief in this city, are planning to permit those who desire to do so, to cut wood on their farms, cutting it on the shares, and thus obtaining a temporary supply of fuel.

Tom Wain, residing on the Waterloo pike, is one of the farmers who has not only offered to permit persons to cut wood on the shares, but announces that he is ready to discuss the matter of using his own teams to haul the wood.

FOOD CAMPAIGN SIGN THE CARDS

By Associated Press Dispatch.

Columbus, O., October 24 — Merchants of Ohio stand to do their share in boosting food pledge campaign which comes next week, according to many letters which have been received by Mr. Max C. Morehouse, state merchant representative of the staff of Fred C. Croxton, Federal Food Administrator for Ohio.

Chairman Morehouse, of the Merchants Committee, has received many letters from merchants willing to boost the campaign and asking how they may help. Some have suggested that they secure signatures to the pledge cards in their stores. This is not deemed advisable.

The food pledge campaign is in every sense a home campaign. It is to be carried directly to the housewives in their homes. To permit pledge cards to be distributed and signed promiscuously would result in much duplication and detract from the importance of the campaign, it was felt.

However, Mr. Morehouse points out to his fellow merchants that they can render valuable service to the cause by boosting the campaign, urging women to sign the pledge cards. As a suggestion some merchants are inserting in their advertisements the following:

"Herbert Hoover says, Food will win the war. Let every person who is a patron of this store join the movement to win the war, Sign the Food Pledge Cards."

AMERICAN SHIP HIT

(By American Press)

Buenos Ayres, Oct. 25.—Sinking of the American steamer Santa Elena, with 24 lives lost, was reported in dispatches received from Spain. The dispatch says the vessel was sunk near Ferrol and that the captain and one sailor were the sole survivors.

The Santa Elena was a steel screw steamer of 7,415 tons, owned by the Hamburg-South American line of Hamburg. As far as available records show she was not among the German vessels seized by the United States at the outbreak of the war.

TOTAL PURCHASES OF BONDS IS NEAR MINIMUM QUOTA

Praiseworthy Work of All Committees in Liberty Day Drive. Subscriptions Will be Taken Until Saturday Night in "Roll of Honor" Work.

As result of the splendid work of the large number of Liberty Loan Bond salesmen in all parts of the city and county, Wednesday, Fayette's minimum quota of \$507,750 is virtually subscribed. It was announced by Chairman C. P. Ballard, Thursday noon, and the workers will now bend their efforts to place Fayette in the honor roll by subscribing for as near the maximum total as possible, and \$600,000 is the goal set in Fayette.

Most of the banks in the city report their minimum quotas subscribed, and are now taking subscriptions to reach their maximum quotas and stand on a par with all other parts of the country in the amount of over-subscriptions.

Until late Wednesday night the subscriptions came in by telephone after the workers had ceased their efforts for the day, and on Thursday morning other subscriptions came in by telephone and the totals are continuing their growth.

It is desired to obtain \$100,000, or as near that figure as possible, by Saturday night of this week, and all committees will continue their labors with that in view, and want all who have not subscribed and can do so, to not delay in placing their orders. The bonds will not be ready for a month or two, and will be paid for at that time.

F. AND F. SCHOOL OPENS AT Y. M. C. A.

The F. and F. six month night school opened Tuesday night at the Y. M. C. A. building with an efficient corps of instructors.

Mr. D. W. Fernau teaches the touch system of typewriting; Miss Marie Melvin the Gregg system of shorthand and Mr. H. E. Frey the Rowe-Budget system of bookkeeping.

In the bookkeeping class, which started Tuesday, 12 members are enrolled; and the typewriting and shorthand classes start tonight with an enrollment of ten.

Never before has the demand been so great for this kind of work. So many bookkeepers and stenographers have gone into service for the government, leaving a number of vacancies, and the opportunity has come for those, who wish to study this kind of work at home.

Two or three more can be accommodated in each class if they start now.

CUSTODIAN OF ALL ENEMY PROPERTY

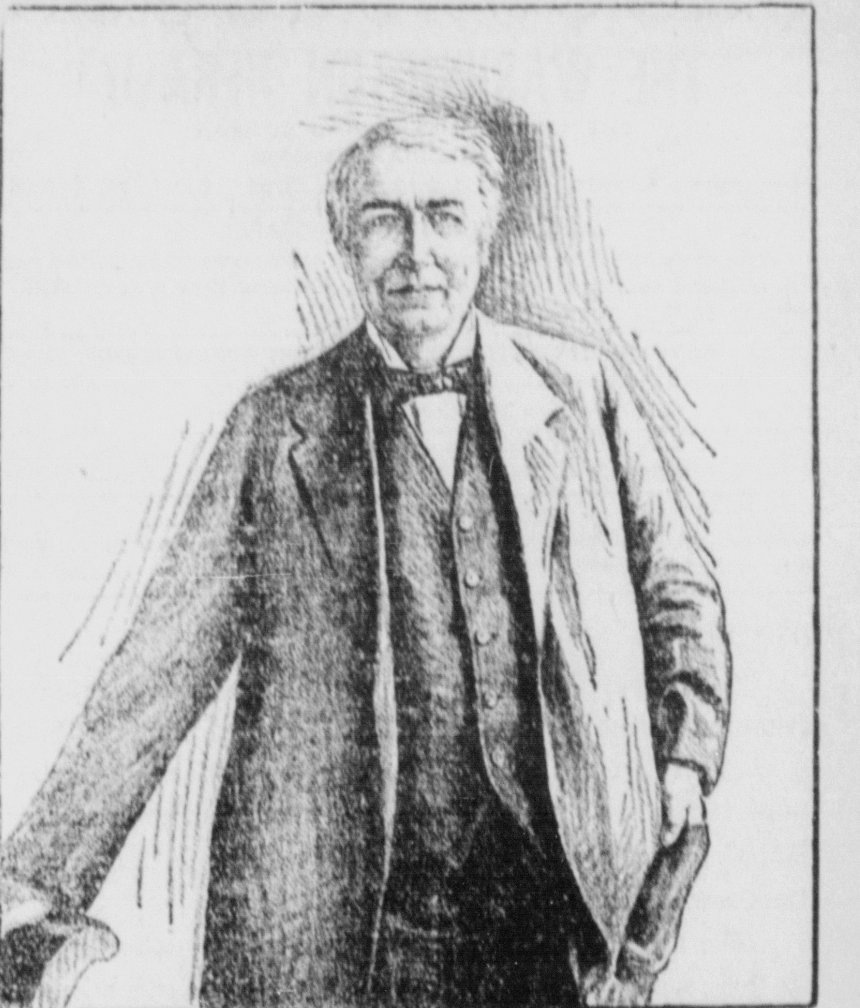

A. MITCHELL PALMER

Washington, October 22.—A. Mitchell Palmer, former Congressman and Democratic leader of Western Pennsylvania, has been appointed by President Wilson to the important office of custodian of enemy property, under authority of the Trading with the Enemy Act.

In his new office Mr. Palmer will become receiver for millions of dollars worth of property and funds belonging to "enemies" and "allies of enemies." He can demand the payment to him of debts due by persons in this country to our enemies and their allies.

All the property will be held until the end of the war and then dealt with as Congress may direct. So far as feasible, it will be converted into Liberty Bonds and held in this form.

THE HENKLE FAMILY WILL ERECT MEMORIAL TO FOUNDER OF FAMILY

The Henkle family is one of the old and established families of Fayette county, and much local interest attaches to the erection of a "Henkle Memorial Monument," honoring the founder of the family in this county.

Two centuries ago Jacob Anthony Henkle, a German court preacher, incurred the displeasure of his sovereign by preaching against the profligacy of the court and was exiled from the realm. He sailed for this country in 1717 and upon arriving in Pennsylvania resumed his calling under more favorable conditions. He was one of the first German Lutheran ministers in the Province, and the founder of the Lutheran churches in Germantown and Philadelphia.

Jacob Anthony Henkle was a lineal descendant of Dr. Johnnaun Henkle of the Reformation. An humble, unassuming man of God, he had the courage of his convictions and was full of zeal for the good of his followers. His descendants, who are living in nearly every state in the union, realizing the worth of such an ancestor, have erected the "Henkle Memorial Monument" in Germantown, Pa., in memory of this good man and his wife, Maria Elizabeth Henkle. A tablet will also be placed in the church of that place.

The dedicatory services are to be held next Monday, the 28th, at St. Michael's church, 6673 Germantown Ave., Philadelphia.

Descendants going from here to attend these services are Rev. Jason F. Henkle, Lawson Henkle, A. C. Henkle, Mrs. Ellen Campbell and Miss Grace McHenry. They also expect to visit Valley Forge, Atlantic City, and other places of interest and return by way of Washington, D. C., and Gettysburg. Miss Bertha Burnett, of Cleveland, will join the party at Pittsburgh.

There will be a meeting of the Washington Suffrage Association at the home of Mrs. D. S. Craig, Friday afternoon at 2:30.

All interested in suffrage are cordially invited.

DEATHS

CRANE.

Eva Frances Crane, the three months old daughter of Mr. and Mrs. Wm. Crane, living on the Jeffersonville pike, died at 5:30 Wednesday evening. Mr. and Mrs. Crane have the sympathy of many friends in their loss. The funeral will be held Friday morning at 10 o'clock. Burial at the Sugar Creek Baptist cemetery.

Indications

The attack, Tuesday, of the French troops under General Petain northeast of Soissons in the Aisne region was brilliantly successful resulting in the capture of positions of strategic importance, many big guns, a large number of prisoners and inflicting heavy casualties on the best forces in the army of the Crown Prince.

The attack was wholly unexpected by the Germans and its force defied their most tremendous efforts to check it. The success of that attack in positions, guns and men shows to what a marked extent the confidence of the Germans has waned and the confidence of the allies has gained.

Only a few months ago it was the allied force that was content to hold in check the advance of the Teutons while now, on all fronts, it is the Hun who is desperately battling to check the tide of war, content if the attack can only be withstood.

The change is full of significance. It means that the armies of the allies are moving and that no power which the Huns can muster is effective to even check them.

That change in conditions in connection with the food riots in Germany and Austria, the ever growing demand for peace by the people of the central powers is an infallible indication that the end is approaching.

A continuance of the concert of action which has marked the endeavor of the allies is all that's needed now until the world succeeds in crushing barbarism forever.

The Army of Conservation

More than half a million American volunteers will assist the national food administrator, Herbert C. Hoover in the great work of bringing to every home in the United States realization of the imperative need to practice economy in the use of foods.

This work is no fad—it is absolutely necessary. The people of the United States must economize in the use of food. It is vital to our success in the war and vital to our national existence.

We are face to face with stern conditions and we must act in concert. Every family and every member of every family must be made to realize that it is the individual effort that counts up to the big total which means life to the nation and success for our army and our navy. We must learn to do without the luxuries and we must eliminate the waste.

Under the stimulation of the appeal to patriotism and the prospect of ample financial reward, farmers and gardeners redoubled their efforts in the glorious season just ending and the tremendous crops were the result.

Next year the man power is going to be less than it has been this year and next year weather conditions may not be as favorable as they were this year. The year 1917 produced, in all lines, wonderfully bountiful crops but we must conserve of our plenty while there is time. We must feed ourselves and feed our allies.

We must learn how to eat less of the food that is not so plentiful and more of the food of which the supply is abundant.

Mr. Hoover and his half million volunteers next week are to enlist all consumers, teach them how to save and take their pledge of active co-operation in the work.

Fayette County has its quota of volunteers in the great army and every resident of the county should take an active interest in the campaign—assist the folks who are already a part of the great working force of conservation.

The world war is no longer way off yonder in the distance—it's here. Our boys are in the army and the navy. Our nation in the field and in the home has agreed to do its part. That's us—not our neighbor, not somebody in the city, but you right here in this county.

Get every instruction possible and follow conscientiously every direction given.

Join the army of conservation and serve as long as your nation needs you. The good housewives can serve in their own kitchens and the men can serve at the table by adapting themselves to conditions.

When the local lieutenants of Mr. Hoover call upon you next week do everything within your power to "go over the top" with the food.

Poetry For Today

"YOU ARE OLD,
KAISER WILHELM."

"You are old, Kaiser William," the Crown Prince said,
"And for years have done nothing but fight.
Yet now you incessantly prate about peace,—
Will the world understand the thing right?"

"When I started this war," he replied to his son,
"I thought we were certain to win,
But the terrible bloomer you made at Verdun
Has encouraged the allies like sin."

"You are old," said the youth, "as I mentioned before,
And you've boasted of conquest for years,
Yet now that you've gotten the world good and sore,
You talk peace with a voice full of tears."

"At the start," Kaiser William replied to the lad,
"Our good old steam roller sure rolled!
But we'd better let go, now that things are so bad,
And endeavor to get a new hold."

"You are old," said the youth, "and have wallowed in death,
And you haven't had nearly enough
Still you talk about peace with a palpitant breath—
Do you think that they'll fall for the stuff?"

"At the start," said his father, "It looked like a cinch,
And victory certain for us.
But now that we're finding ourselves in a pinch,
The people are making a fuss."

"You are old," said the youth, "and you speak about God,
And you treat Him almost as a friend.
You think He should heed your imperial nod
And bring this affair to an end."

"I've answered three questions; be off on your way."
Said his father, restraining a sob;
"You've only lost fourteen divisions today;
They'll think that you're quitting the job."
—Porter Emerson Browne, of The Vigilantes.

MINIMUM IS PASSED

(By American Press)
Washington, Oct. 25.—A torrent of Liberty day subscriptions has swept the Liberty loan nearer its goal by hundreds of millions of dollars. Indications, based on unofficial returns, are that it has reached or passed the \$3,000,000,000 minimum, but still lacks approximately \$2,000,000,000 of the maximum hoped for.

This estimate was made public by the treasury department: "Indications are that subscriptions to the second Liberty loan brought the total for the \$5,000,000,000 drive close to \$3,000,000,000, but there is no official assurance that this mark was passed."

The department's estimate was based on returns and estimates from most of the 12 federal reserve districts. There is unanimity of opinion that much yet has to be done if the \$5,000,000,000 mark is to be attained.

President Wilson, not knowing of some plans in the making by the publicity bureau for the taking of his subscription, subscribed through a local bank several days ago for \$15,000, sending his check for \$13,500 in part payment. The fact that the president had bought his bonds was not known until a photograph of his signed application appeared in a loan advertisement.

SCHOOLS MOBILIZE FAR FOOD PLEDGE THE COMING WEEK

(By Associated Press Dispatch)
Columbus, O., October 25.—Schools of Ohio are mobilizing their forces for the nation-wide pledge campaign which comes next week.

In many communities the school teachers are not waiting for next week to begin the actual campaign, but have already begun the distribution of pledge cards through the pupils.

Teachers in many schools throughout Ohio today explained to their pupils the importance of saving food to help win the war. Brothers and fathers of many school children are fighting "in France" or in training at military camps. These little "war

children" were quick to catch the idea of food pledge week.

In Montgomery county today school children wrote letters to their parents requesting them to sign the food pledge to save food so our soldiers and the soldiers of our allies may not go hungry. When the pledge cards are signed the children will take them home.

Wherever the window cards are displayed, canvassers will not have to go next week. Thus school children will lighten the burden and work of food pledge week of the canvassers.

G. J. Keinath, county superintendent of schools for Putnam county arranged today to have 226 teachers in his county devote as much time Thursday as possible to the schools to explaining to the pupils the purpose of the Food Pledge campaign. He also has enlisted more than 200 members of the local boards of education in the campaign.

The same spirit is being manifested by scores of workers in every part of the state according to Dr. D. E. Garland, campaign chairman for Ohio.

CLEVELAND CLUB AT CAMP SHERIDAN

(By Associated Press Dispatch)
Cleveland, O., October 25.—Cleveland soldiers are to have a Cleveland Club with a clubhouse of their own at Camp Sheridan, Montgomery, Ala. This was decided upon by the mayor's advisory war committee after conferences with John H. Hebbard, representing the war department commission on training camp activities. A monthly contribution will be given by the mayor's committee for the upkeep of a club house.

Plans are also under way for the

upkeep of a club house by the Cleveland Rotary Club in conjunction with other Ohio Rotary clubs.

WASHINGTON TO BE DRY

(By Associated Press)
Washington, Oct. 25.—Washington will go dry Nov. 1. Judge Ashley Gould, in the district supreme court, denied the injunction sought by six saloonkeepers to prevent the district commissioners from putting into effect on Nov. 1 of the Sheppard dry law. The justice disputed practically every allegation made by counsel for the liquor men as to the constitutionality of the law.

Mrs. Mary E. Gray opened the devotional service, which was followed by Greetings extended by Mrs. Alice Adams.
The remainder of the morning session was chiefly devoted to business and the reports of different officers.
In the absence of Miss Ida Miesse of Chillicothe, Mrs. G. S. Hodson read her report of Young Peoples' work, which showed that the young woman's Foreign Missionary Society of Washington is leading the others.
At noon a box luncheon was served cafeteria style in the church basement.
This afternoon's program is moving off nicely with an increased attendance.

FOOL PROOF SHOE FITTER FOR NEW MEN

Military Training Shows in Soldierly Bearing and Demeanor of Ohio Selects at Camp Sherman.

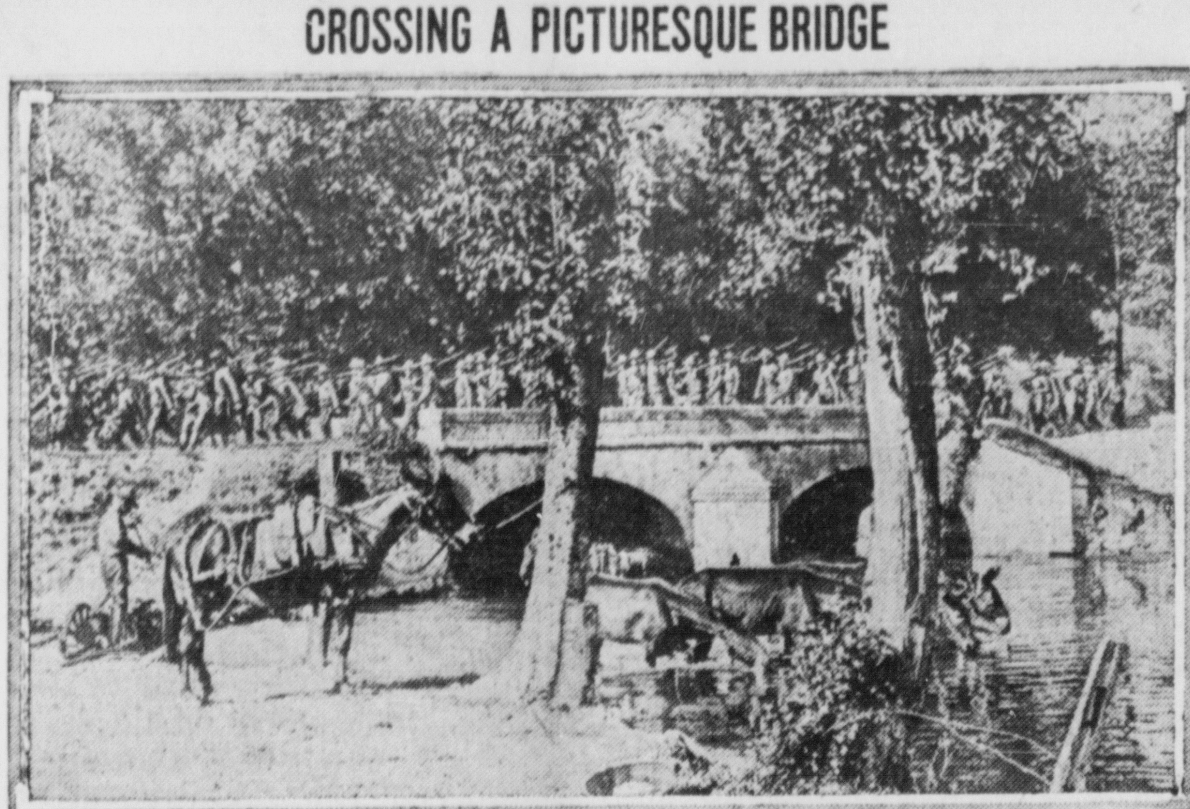

(By Associated Press Dispatch)
Camp Sherman, Chillicothe, O., October 25.—Colonel Ashburn, commander of the 324th Field Artillery (heavy) is responsible for a "fool proof shoe fitter" that will be used in shoeing the men of Uncle Sam's new army henceforth. The colonel didn't make it and has no part in the distribution, which is being handled by a large eastern shoe manufacturing concern, but he is responsible for the idea.

They sometimes tell you that an army is no better than its feet. It wasn't very long ago that a certain branch of the new army was found to be very poorly fitted in shoes, something like eighty per cent wearing shoes that did not fit properly. The chief trouble was that the men got their shoes too short.

Colonel Ashburn, who has done 25 years in the regular army, was in Boston and had as a guest a wealthy shoe manufacturer who wanted to do something for his country.

Colonel Ashburn hit upon the idea of the fool proof shoe fitter and the manufacturer is now turning them out at a very low cost.

The "fitter" consists of a kit containing fitters of as many sizes as there are sizes of shoes. It is nothing more than a thin piece of metal an inch wide which is fitted snugly into the shoe, touching the inside of the toe and the heel of the shoe. At the toe is a piece of metal about half an inch thick rounded so that it fits the very tip of the toe of the shoe. The "fitter" is put in the shoe and

OVER THERE.
Modern history harked back to the fifteenth century for setting when troops of the Pershing expedition crossed this famous old bridge on their way to the front in Northern France the other day. The bridge became famous when the victorious troops of Charles the Fearless crossed over it in their pursuit of the retreating army of Louis XI. Now it gets a new lease of fame.

the soldier then puts on the boot. The metal tip takes up the "extra" room in the toe—the room that should be allowed in the toe of each shoe. If he can get his foot inside so that the big or great toe just touches the metal tip, then he has a fit so far as length is concerned—and that's the important part. The fitter is removed, the size of the soldier's foot made a matter of record and thereafter, when a pair of shoes is issued to that soldier, he gets what the record shows.

Effects of a mouth of good hard military training are beginning to take form in another than the visible, soldierly acting, manner of the draftees. The selects show and act their part, so now it is beginning to come out in the talk about camp.

"Wonder when we will get an order to move?" is the frequent question one hears now.

It seems that the selective service men are beginning to feel they are about ready to be up and doing.

The result has been the widest circulation of wildest reports. This or that outfit is certain to go to Europe in two weeks, one report will come. Next you hear of another unit getting a "quiet tip" to be ready for service in Panama. Some will soon be on their way to the Philippines and others to China if one believes what one hears.

Maybe in five or six months some of these reports will have a certain amount of foundation but right now, says the official word from division headquarters, there is nothing doing in the moving line for Ohio Soldiers of Democracy.

DEATHS

MRS. ALMA SAMMONS

The widow of the late John Sammons, Mrs. Alma Sammons, who died in Dayton will be brought here Saturday morning on the C. H. & D. and will be taken to the Washington cemetery where funeral services will be held at the Chapel at 10 o'clock.
Burial will be made in the Washington cemetery.

OHIO NEWS

(By Associated Press)

Octogenarian Asphyxiated.
Hamilton, O., Oct. 25.—Insufficient gas pressure caused the light to go out in the room of James Wycoff, 89, and he was found dead in bed.

Dairyman Attacked by Bull.
Hamilton, O., Oct. 25.—While milking cows, John Woessner was attacked by an infuriated bull and seriously injured. The man's ribs, shoulder and arms were broken. He is expected to recover.

Ordered to France.
Dayton, O., Oct. 25.—Cadet aviators who have been in training here received orders to leave the "home nest" and prepare for service in France. While the number of men included has not been made public it is said they would form a masterly force along a battle front.

Children Burned to Death.
Cleveland, Oct. 25.—Two children were burned to death here in a fire believed to have started from a gas explosion in their home. They were Alva, 3, and Cora, 6 months, children of Mr. and Mrs. Alvin Morton. The mother of the children was seriously burned in trying to rescue them.

State Board Buys Bonds.
Columbus, Oct. 25.—One of the largest liberty bond subscriptions made in Ohio to date has been announced. It is for \$300,000 and was made by the state liquor license board. The money represents overlapping funds which are not required for immediate use and which ordinarily are deposited in banks by the state treasurer.

Bellefontaine, O., Oct. 25.—The Ohio State Protective association is holding its annual convention at Belle Center. Its members secured the conviction of 25 thieves last year. The officers are: President, F. G. Miller, Cincinnati; vice president, T. C. Potter, Green Springs; treasurer, H. P. Newell, Bellefontaine; secretary, T. R. Wanamaker, Bradford.

Uses as Food Inspector.
Canton, O., Oct. 25.—The war is responsible for the new crook who has made his appearance here. This man represents himself as a municipal food inspector. He notifies the housewife that it is his duty to search the premises for reserve food supplies and confiscates all food found in excess of the amount allowed by the government. He has confiscated food in each home so far visited.

URGES CLASS UNION AGAINST ANARCHISTS

(By Associated Press)
Petrograd, Oct. 25.—Minister of the Interior Nigmatin in a proclamation to all the commissioners throughout Russia, exhorts all classes of the population "to unite against the increasing anarchy, which is driving the country to ruin." The minister says that without such co-operation the government will hardly be able to keep order and prevent outrages.

Leon Trotsky, president of the executive committee of the Petrograd council of workmen's and soldiers' delegates, said: "With the formation of the preliminary parliament, the independence of the ruling power was confirmed officially. Russia is a republic but its autocrat is Kerensky." In an address to the preliminary parliament Premier Kerensky appealed to the delegates to endeavor to arouse in the people the same sense of individual responsibility at the front and in the rear which carried the Russians to victory for a time in the post-revolutionary offensive early in July. The premier deplored the present demoralization of the army.

DECLARES SWEDEN HAS NOT PROFITED

(Associated Press Correspondence)
Stockholm, October 5.—M. Trygger, leader of the Conservative party, declared that Sweden has not grown wealthy because of the war. "People frequently argue," he said, "that Sweden has become much wealthier as a consequence of the war, and that therefore we need not feel uneasy regarding the future. Such wealth, however, is only fictitious. While it is true that the nation's wealth abroad has increased immensely, domestic supplies have diminished correspondingly. The land, property and forests of Sweden have an enhanced value, but the produce of the land has been reduced, and property and forests are heavily taxed. The number of houses in the towns has remained stationary for some time, with the result that many people are homeless. The national indebtedness abroad has been reduced, but internally it has increased to a far greater degree, and taxes have risen accordingly."

Colon, Oct. 25.—The subscription by soldiers and canal employees to the liberty loan reached \$1,500,000. Numerous Panamanians and Chinese also are subscribing to the loan.

MEMOIR

James P. Wiatt was born in Zanesville, Ohio December 23, 1832 and passed away October 18, 1917, age 84 years, 9 months, 18 days.

In 1865 he was united in marriage to Sarah Gibson. The ceremony was performed by Rev. Samuel Miller, one of the pioneer Presbyterian ministers of this section.

At the time of this marriage Sunnyside was little more than a wilderness and their home was the third house erected there.

To this union were born five children, Edward, Harry, John, James Herbert and Mabel. His wife and three children have preceded him to the better land. Edward and Harry surviving.

He united with the Methodist church when a small boy.

Mr. Wiatt was a pioneer business man of Washington C. H. being engaged in the grocery business for 26 years. He was honest and upright in all his dealings, and was respected and loved by all.

He was a member of the I. O. O. F. lodge of this city for 49 years also of the G. A. R.

Mr. Wiatt enlisted April 20, 1861 in 22 O. V. I. under Capt. John M. Bell and was mustered out Aug. 16, 1861 at expiration of term of service. He re-enlisted in Co. C 54 O. V. I. Sept. 11, 1861 and re-enlisted again as a veteran Jan. 4 1864. He was appointed corporal at the organization of his company and later was promoted to sergeant. He was then appointed commissary sergeant July 18, 1863, and was promoted to 1st Lieutenant Oct. 12, 1864 and was transferred to Co. D serving altogether 4 years and 3 months. He was never sick during his service and never missed a march nor a battle in which his regiment was engaged.

There are many who sorrow in his death and share in the deeper loss which has come to children and grandchildren.

RELIEF FROM SUGAR FAMINE NOW IN SIGHT

Alabama Comes to the Front
With 200,000,000 Pounds of
Raw Cane Sugar, Which Is
to be Refined at Once and
Marketed.

Washington, October 25.—Relief for the sugar famine in the Northeastern States is in sight, the United States Food Administration announced last night. It has arranged for 200,000,000 pounds of Louisiana sugar to be shipped immediately to New York, Philadelphia and Boston. This amount is expected to prevent a famine and afford a supply sufficient for all necessary purposes.

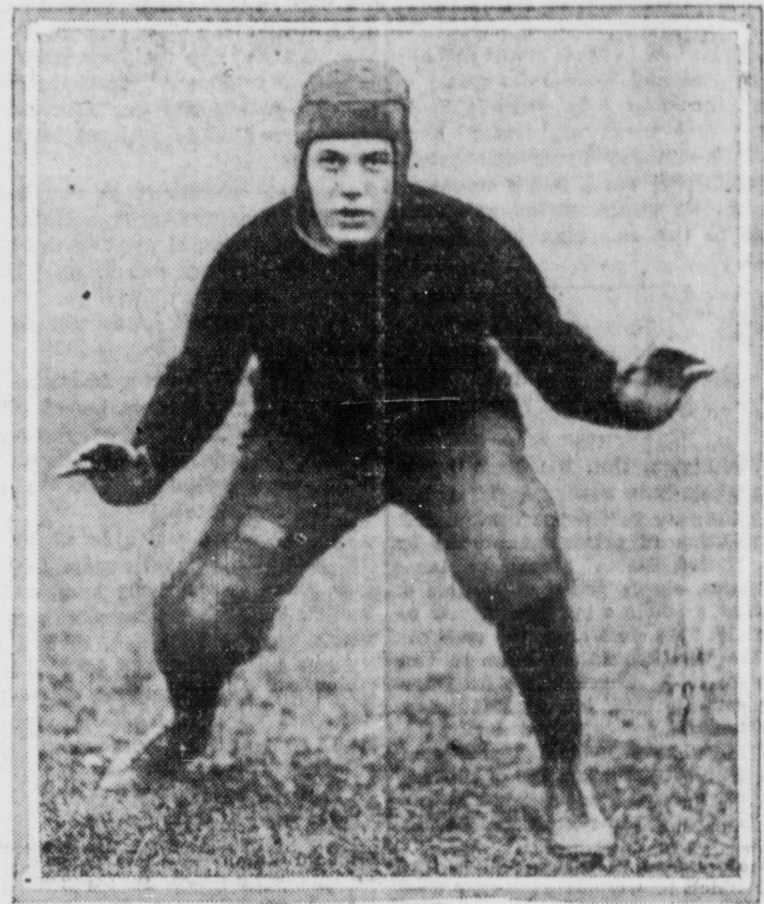

Louisiana sugar producers, after a two-day conference with John M. Parker, Louisiana Food Administrator; George M. Rolph, of the sugar division of Mr. Hoover's staff, and Earl D. Babst, President of the American Sugar Refining Company, agreed to sell the company named 200,000,000 pounds of sugar for \$13,000,000.

The Food Administration's transportation division has obtained pledges of transport for one half of the sugar sold to the refiners at Boston, Philadelphia and New York. The first cargoes will leave next week. The American Refining Company will rush its processes and get the sugar on the retail market as rapidly as possible.

This plan not only will alleviate the shortage, but will give the Food Administration its first real grip on the retail price of sugar. The refiners will be able to sell the sugar at a steadily reducing figure, starting from 8.35 cents a pound, Eastern seaboard and reducing to 7.25 cents at the end of the year. With the refiners' price at 8.35 cents the wholesaler should not charge higher than 8.60 cents, it was said. This figure will enable the buying public to get sugar at the normal price.

Retail prices of sugar are causing

the Food Administration much concern. Prices from the manufacturers are regulated, and wholesaler dealers will come under license November 1.

Two methods will be used to make the retailer keep his prices down. Refiners and wholesalers will be instructed not to supply retailers who charge exorbitant prices, and publicity will be employed in every city to show the buying public what whole sale prices are thus to guard them against extortion by the retailers.

The Food Administration pointed out that the supply of Louisiana sugar does not mean that the shortage is wiped out. On the other hand, conservation is being urged more insistently than ever. More than that, a campaign is being started to induce people to use corn sirup instead of sugar, whenever possible. Methods to utilize sirup for sugar and to substitute corn starch for flour and corn oil for fats, were discussed today at a conference with many big corn products manufacturers of the Middle West. The big corn crop, it is thought may offset wheat, sugar and fats short ages.

STOVALL CAN SEE NO SIGN OF PEACE

(By American Press)

Washington, Oct. 25.—No immediate prospect of peace, despite Germany's gradual weakening of morale in the civilian population and the army, is seen by Pleasant A. Stovall, minister to Switzerland, who called on President Wilson on his first return from his post in four years.

"The German people," said Mr. Stovall, "are slowly realizing that the war is a total failure. As this spirit grows it will cause some sort of a revolution, but I do not think any one can forecast what form this will take. Food and other economic conditions in Germany are very bad and growing worse."

Switzerland, the minister declared, was genuinely neutral and will not abandon that position. The Swiss society of superintendents has been successful, he said, in preventing exportation to Germany and Austria of materials imported from allied countries.

Mr. Stovall will confer with Vance McCormick of the war trade board, Secretary Lansing and Herbert C. Hoover, in an effort to facilitate export of food and other supplies to Switzerland.

HARRY A. GARFIELD

Appeals to Coal Operators and Miners to Adjust Differences.

GREENFIELD MEN

SUBSCRIBE \$50,000

E. L. and A. E. McClain, of the American Pad and Textile Company, of Greenfield, who took some \$250,000 of the first issue of Liberty Loan bonds, Wednesday afternoon subscribed for \$50,000 worth of the second issue of the bonds, giving great impetus to the campaign in Highland county.

Fuel Administrator Garfield conferred with State Administrator Johnson of Ohio, who later announced that plans had been worked out under which the Ohio and Michigan dealers would be required to sell the day's output to consumers in not exceeding one ton lots. Every effort will be made to get an adequate supply for the day.

Dr. Garfield said he would assure all localities that they will receive coal to meet their needs and that each section will be considered in the light of the special circumstances affecting it.

Local organizations already have been effected by the fuel administrator, under which the plan will be carried out in Ohio and other states. It will be a community coal and transportation service system, under the control of the federal fuel administration through its state administration.

Coal operators generally, with few exceptions, are backing up the fuel administration work, Dr. Garfield said, in denying a report that operators had "egged" on coal strikes. Coal operators at a Pittsburgh meeting which he attended adopted resolutions approving the stand taken by the president and the fuel administration.

The fuel administration called a meeting here Friday of state fuel administrators appointed since the first conference, Oct. 2. Subjects to be discussed include state organization, retail prices, obtaining emergency supplies, improving transportation and conservation.

The national fuel administration is now engaged in revising the schedule of prices upward, to cover the increase in cost of production that will be caused by increasing the wages of the miners.

Under a definite allotment of American coal for Canada, announced by the fuel administration, about 2,000,000 tons of bituminous and 700,000 tons of anthracite will be permitted to move across the Canadian border during the next two months.

WAREHOUSE NO. 7 IS ESTABLISHED IN CHILLICOTHE

Dahl-Campbell Branch Will Open Up-town, Three-story Warehouse and Offices in Chillicothe Next Week, Employing 20 to 25 Persons—May Add Several Stories to Structure.

Next Monday morning an up-town warehouse will be opened by The Dahl-Campbell Branch in Chillicothe, at the corner of Walnut and Water streets, where Mr. W. M. Campbell yesterday leased the T. F. Plyley three story warehouse, which may soon be purchased by the firm and converted into the highest building in Chillicothe.

The warehouse, to be known as Warehouse No. 7, is located on a direct route to camp, and will be used for the distribution of goods in both Chillicothe and the camp, although at the present time the firm has a mammoth warehouse (No. 12) in Camp Sherman, but the facilities were not sufficient to properly handle the great increase in business in Chillicothe in addition to the big business in Camp Sherman.

The new warehouse is now being placed in condition for immediate use, a gang of workmen starting the task Thursday morning, and by next Monday the building will be ready and large quantities of goods will be on hands.

Not only will the warehouse be used for storage purposes, but an office will be located in the plant, and some 20 to 25 persons will be employed by The Dahl-Campbell Branch in the work at Chillicothe.

The structure, which is 60 by 80 feet and offers 12,600 square feet of floor space, is massively built, and if the firm buys the structure in the near future, as now indicated, several additional stories will be added so that ultimately it may contain six to ten stories in order to meet the requirements of the firm at that point.

ASKS DIVORCE IN THE ROSS COURTS

Gertrude Patterson, in the Ross county courts, has filed suit for divorce from Thomas Patterson, alleging that the defendant threatened her life and struck her violently.

The above, and other causes, which mention a woman in this city, are assigned as grounds for divorce.

The couple were married in this city in October, 1911, according to the petition. The plaintiff asks to be restored to her maiden name of Gertrude Pritchett.
